WE DEDICATE

MISS PAULINE DILLMAN

TO MISS PAULINE DILLMAN for her enthusiastic interest in her work, for her readiness to help at all times, and for her twenty years of faithful service as our college librarian we dedicate this book.

TO VIRGINIA McEVOY whose work has commanded the attention and appreciation of the entire student body we dedicate this book. Her contributions have been many — along social and scholastic lines, in sport and extra-curricular activities. However, exceeding these, she carries the distinction of being one of the most capable business managers of the J.C.

Third Row: Rodgers, Wiswell, Matteson, Cary, Ohman, Jeske, Wilson, Cameron, Hyde.
Second Row: McEvoy, Sweda, Prew, Jeffords, Dinet, Osborne, Gultrrie, Johnson, Gradberg.
First Row: Haynes, Johnson, Richards, Hobson, Faulkner, Goldstein, Schick.

"The Blazer" first appeared in 1929. It was then just a very small four-page paper. It soon expanded to its present size. The purpose of "The Blazer" is to keep students informed about current student affairs, to give them news items, features, humorous reports on everyday affairs, and good editorials. The paper strives to give a picture of current student life. All of the students of Joliet Junior College receive copies of "The Blazer" because it is included in the activity fee. "The Blazer" is entirely a student publication. For the past year "The Blazer" has been under the editorship of George Barnes for the first semester and Dara Prew for the second semester. The rest of "The Blazer" staff all worked hard this year to help the paper keep the good reputation it has earned in other years. Miss Lois Hyde was a most efficient and capable faculty adviser whose helpfulness has been appreciated by all.

FRESHMAN CLASS OFFICERS

McDOWALL MARCHI SIMPSON

George Simpson, president of the Freshman Class for the first semester, was a student well-liked by his fellow classmen.

Grace McDowall, president during the second semester, has shown her ability in many ways. Grace has never shirked any responsibility which has been placed before her, and in addition to her work as president, she participated in many other activities of the school.

John Marchi, class secretary, was another capable student who proved his ability in leadership and the assumption of responsibility.

This year's Freshman Class has contributed much to J.J.C., and the students show promise of being one of the best groups of leaders which the school has ever had in the coming year. Cooperation has been shown in practically every phase of activity, and the Freshmen have stepped in and assumed their responsibilities in such a way as to prove their ability in leadership.

The Freshman students of J.J.C. seem to have the interest and success of their school at heart, both as a group and as individuals. This year's group has been very active in Student Council work, Current Events, and in athletics as well. Their willingness to cooperate and their unselfishness have set an example for succeeding groups of Freshmen as well as showing their ability to carry on the student executive activities during the forth-coming school year.

WOMEN'S ATHLETIC ASSOCIATION

The initials, "W.A.A.," stand for "Women's Athletic Association," but they might also mean "We are active" because of the high degree of participation among the women of Joliet Junior College. Membership is open to every junior college girl. The W.A.A. encourages participation in sports and helps promote friendliness and further ideals of good sportsmanship and health among women students.

On the first Tuesday of each month a regular business meeting was held, while every Thursday noon there was a cabinet meeting.

This year's sport season introduced a new sport, hiking. The hiking club took short trips around town which included weiner roasts and toasted marshmallows at the end of the hike.

The W.A.A. offers instructions in seasonal sports and dancing, thus offering every girl an opportunity to learn to dance and engage in competitive play. Two seasons of sports were held in bowling, fencing, riding, archery, badminton, ping pong and shuffleboard. At the co-recreational hour every Monday after school there were individual tournaments. Ladder tournaments were held in swimming, golf, and tennis. There were round-robin tournaments in baseball and basketball. Orchesis and ballroom dancing were popular in the spring.

The girls not only were active in sports but gave many delightful programs. The affairs sponsored by the organization were: An Initiation Service, "Headliner Dance," Christmas Tea, Dad's Sport Night, "Hick" Sports Day, "Hayloft Swing," and a picnic.

To climax a year's activities the W.A.A. held its annual Mother and Daughter Tea in May. At this time letters and honorary awards were presented to those who had earned them during the year.

W. A. A. "Initiation Ceremony"

The W. A. A. "Initiation Ceremony" was held September second in the W. A. A. Club Room. The newly-elected officers, when their names were called, stepped forward and were presented with a candle. As one body they then took the oath of office and lighted their candles. These lighted candles represent the ever-ready help that the officers will give to the Women's Athletic Association. The officers for the current year were: President, Helen Weeks; Vice-President, Phyllis Stone; Secretary-Treasurer, Muriel Osborne; Head of Sports, Marion Lennon; Head of Publicity, Margaret Haynes. After the candle-lighting service Mrs. Kirby told us the purpose and aims of the W. A. A.

All the heads of sports then came forward and as a group repeated the oath of office. The heads of sports for the current year were: Isabel Anderson, Archery; Barbara Dinet, Table Tennis; Eva Sweda, Basketball; Wilma Grell, Baseball; Helen Smith, Riding; Torrie Wright, Bowling; Grace McDowall, Skiing; Virginia McEvoy, Swimming; Carolyn Tessitore, Shuffleboard; Boots Douglas, Badminton; Jean Jeffords, Orchestis; Evelyn Vaughan, Ballroom Dancing; Berdeva Gradberg, Hiking; Dorothy Jean Lawson, Tumbling; Erlean Caswell, Tennis; Billie Burrill, Golf; and Jerry Hanon, Fencing. We congratulated ourselves on our fine start for the school year.

WINTER DAYS

FORE! FORE!

CARLSTROM DE SIGNOR STEVENS PRANGE

GOLF CHAMPS

Maintaining the championship record of J.J.C. with an unbroken row of victories, the local golf team collected a conference title and a course record. The team won all its matches and was awarded two defaults.

Outstanding among the players was Russell Stevens who cracked the Woodruff course record with a sensational 65. Mark Furnas and Ernie DeSignor came through in top form to cop all their matches. Frank Prange, number four man, also won his share of honors.

Look in the J.J.C. trophy case and note the number of golf awards. There are five, one of which is the most graceful and beautiful award on the shelves. It is an exquisitely fashioned golden golfer, made a permanent possession of J.J.C. through the efforts of the links champions last spring. Basketball glories tend to overshadow the golfing triumphs, but due appreciation should be accorded these athletes. The game requires supreme coordination combined with strength and judgment to win tournaments.

The members of the squad have established a precedent that successors will find difficult to equal. A solid string of wins coupled with a course record is an achievement worthy the envy of any group of professionals. The champions have been modest and unostentatious while acquiring this coveted record.

Saturday, May 11, the golf team won the state championship in the junior college conference. Individual highest honors went to Carlstrom, with Stevens next, and DeSignor, third.

Hail to the conquerors of the links!

“PRIDE AND PREJUDICE”

COLLEGE PLAY

"Pride and Prejudice," Helen Jerome's well known Broadway hit, was presented on November 17, 1939, under the very capable direction of Miss Esther Schwerman, a newcomer to our faculty. John Marchi was the assistant director. The proceeds of the play went to the Junior College Loan Fund.

The conflicts within the play all sprang from question of rank. The various natures of the three Bennet girls (Jean Fargo, Jean Jeffords, and Helen Weeks), their parents (Dara Prew and Richard Whitney), and their young men (Robert Chappell, Lloyd Jeske, Bill Johnson, Robert Drake, and Robert Carv) were revealed in clever dialogue through intimate characterization.

The very excellence and the external qualities of the characters made more emphatic the temporary basis of the society in which they dwelt—the upper middle class and the lower gentry of England. Here was a world where in a small domain the squire or lord was absolute master. Lady de Bourgh (Maxine Moser) went forth to tell her cottagers how to live.

FALL FORMAL

To the strains of Louis Panico's nationally-known orchestra (remember his trumpet pouring out the "Wabash Blues"?) J.J.C. collegians danced Friday, November 24, in the high school gym at the annual Fall Formal.

The large gym was transformed into a marine room, with large clusters of green balloons all about, giving one the feeling of being surrounded by oceanic plants, and myriads of fish seemingly taking you further into the imaginary sea. Everyone was there in time to snatch a souvenir from the rain of balloons that descended upon the dancers during one of the dances. They came down by the-hundreds like bubbles from a disturbance on the surface of the sea. This was my chance to take out my pad and pencil and jot down some of the twosomes, and here are a few I made a note of: Phyl Stone laughing with Frank Prange; Bob Rogers interested in his companion, Grace McDowall; Bill Gahan with a former J.J.C. co-ed, Ruth Manning; Nick Cox hand-holding with Ardis Shennan; Jack Decker escorting Helen Long; Pat Brannick telling Bob Drake a joke; Bob Chappell gazing fondly into the eyes of Mary Lou Erickson; and Roy Wilson and Ardis Campbell having a wonderful time.

W. A. A. “Headliner Dance”

Mid newspapers and cartoons galore—from all schools and cities all over the United States—the W.A.A. had the first real social event of the year, October 20, in the girls' gym—a “Headliner Dance.” The programs turned out to be little newspapers. Placed above the orchestra stand was a large cartoon of the president, Helen Weeks.

We saw ever so many couples that seemed to be enjoying themselves and paying little or no attention to the slogan, “If you don't like your date, read the papers.” Among those enjoying the rhythms of the good music were Ruth Brennan and Bob Mohr, Phyllis Stone and Larry McKeon, Ted Duncan and Isabel Anderson, Ray Herbst and Boots Douglas, Margaret Haynes and Burr Young, Audrey Mansell and Vernon Wiggell, and June Schiek and Jim Faulkner.

W. A. A. “Christmas Musical Tea”

Special invitations were sent out to each member of the W.A.A. and her mother to attend the Christmas musicale and tea, December 19. Against the setting of the beautiful art glass window on the school auditorium stage the Triple Trio entertained the mothers with Christmas carols.

Later, tea was served in the W.A.A. club room from tables attractively decorated in silver and blue, with Dr. Marion K. Bowles and Mrs. C. L. Jordan pouring.

W. A. A. “Mother and Daughter Tea”

For the event of the year we invited our Mothers to come and enjoy themselves at our Mother and Daughter Tea, May 21. We met in the music room and saw movies of Miss Wood's travels in Europe and also some on sport activities. Reports were given by all of the heads of sports, and the W.A.A. awards were handed out. We then had refreshments. Afterwards, starting for home everyone felt sorry to see our last get-together of the W.A.A. come to an end. It was a happy ending, though, for our 1959-40 W.A.A. social calendar.

ADMINISTRATION

SUPT. C. L. JORDAN

Mr. C. L. Jordan comes to us for the first time this year as Superintendent of the Joliet Township High School and Junior College. He spent last summer attending conferences, and fishing. This summer he plans to remain in Joliet.

Mr. Ira D. Yaggy, Dean of Joliet Junior College, visited in Iowa last summer. Besides this he worked about his yard and took several short trips. His plans for this summer are indefinite, but he thinks they will be about the same as last summer.

DEAN I. D. YAGGY

Miss Myra Mather traveled through Canada last summer. This summer she has planned a trip through Michigan.

Miss Pauline Dillman toured the New England states last summer. She is undecided as to what she'll do this season.

Miss Grace Stadler toured the East and plans to do the same this summer.

FINE ARTS

Miss Myra Mather will spend some of her time in Joliet this summer after returning from her trip through Michigan.

Miss Beulah Agnew remained at home last summer. She will attend school, but she is indefinite as to where.

Miss Mary Scott taught school last summer and took a Caribbean cruise. Her plans for this year are indefinite.

Mrs. Esther Richardson toured the East last summer. This year she will attend school in Southern California.

Miss Ruth Elliott attended school at Northwestern University last summer. She will continue her studies again at Northwestern.

Mr. Alex Zimmerman was organist at his church and took numerous short trips last summer. This year he has offers to be on the staff of a boys' camp and the faculty of a music college, but as yet is undecided.

SCIENCE

Mr. R. L. Frisbie traveled through Michigan, worked some, and golfed last summer. He has no plans for the coming summer.

Mr. Robert L. Price traveled through Minnesota last summer and did some fishing at Cass Lake, Minnesota. This summer he will attend a conference at Iowa and go to his cottage at Cass Lake.

Mr. E. A. Larson visited the Dakotas, Wisconsin, and Minnesota last summer besides doing some radio work. He is undecided as to what he will do this summer.

Miss Florence Wolfe worked in her flower garden at her home in Anderson, Indiana, last summer. This summer she may tour Alaska.

Mr. H. V. Givens worked around his home last summer and plans to do the same this summer.

Mr. F. L. Fleener visited the Spicers in Michigan, relatives in Wisconsin, and did some fishing at Frankfort, Michigan, last summer besides working about his home. He has no plans for this summer.

Mr. C. E. Eggman worked about his home last summer and will do the same this year.

Miss Louisa Baczuk, newcomer to the Science department, rested last summer. This summer she will spend three months in Montana.

PUBLICITY BOARD

McDOWALL LENNON SMITH

It is the duty of the Publicity Board to see that all of the college activities receive the proper amount of publicity. This is done by inserting articles in the newspaper and by distributing posters. A scrap book recording all of the club's activities is kept by the chairman. Grace McDowall was the chairman for the past year. Mr. Frisbie also advised this group.

CO-RECREATION BOARD

The members of the Co-Recreation Board plan the Mixers, the Box-Social, Roller Skating Parties, and other co-ed affairs that are held during the year. The Board for 1939-1940 consisted of: Frances Snapp, June Schick, Edward Matteson, Ruth Geipel, Nicholas Cox, and Gale Brown. Mrs. Kirby was the most efficient and helpful adviser.

Second Row: Cox, Brown, Kohler, Schick
First Row: Mrs. Kirby, Matteson, Geipel, Snapp.

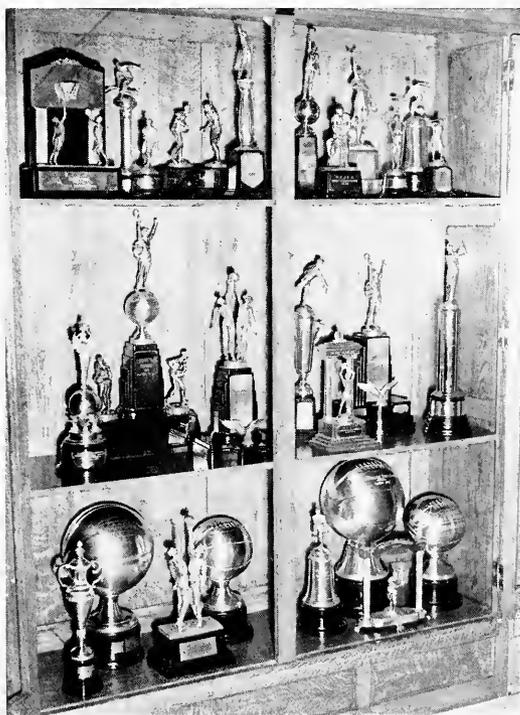

STUDENT COUNCIL

Second Row: Fargo, Anderson, Lehr, McDowall, Cox, Cahill, Marchi, Simpson, J. Cryder.

J.J.C. TROPHIES

The Student Council is made up of the editor of "The Blazer," the president of W.A.A. and the head of the boys' athletics, a representative of the Junior College play, the editor of "The J.C.," and the class officers. They make plans for the fall and spring formals, they select the committee for the freshman dance and arrange the calendar of events for the school year. The officers of the Student Council for the past year were: George Barnes, president; Helen Weeks, vice-president; and Virginia McEvoy, secretary. Mr. Frisbie was the faculty adviser of the organization.

COLLEGE MIXER

Friday, September 22, brought together for the first time this year the students of J.J.C. Frank Prange was the jovial toastmaster of the evening, and he introduced the following speakers: Mr. Wills, athletic coach; Miss Schwerman, new public speaking teacher; Helen Weeks, W.A.A. president; John Cryder, representing the College "Y"; Chuck Scully, representing the Current Events Club; Agnes Turman, who made an announcement concerning "the JC"; and George Barnes, editor of "The Blazer."

Also presented to the student body was Mr. C. L. Jordan, the new superintendent, who was received very enthusiastically. His obvious interest in the college activities will, no doubt, help to swell his popularity.

When it came time for the dancing to start, it took two freshmen to come thru and show their colors to start things off—Jean Jeffords and Bob Cary. Among other things, we noticed: Mark Furnas and Jean Douglas doing some fancy rug-cutting; the cut-in gag being practiced as never before; John Cryder having trouble beginning his speech (the clatter of the silverware being purely accidental, of course); D. J. Lawson and Jack Treadman weaving in and out under the arms of the dancers; and Mary Jane Hobson very efficiently playing the part of the "Girl Friend of the Whirling Dervish" when Johnnie Phelan chose to demonstrate his adagio.

"HICKS" SPORT DAY

The "Hicks" Sport Day, the bi-annual W.A.A. playday, was held in the combined gymnasiums of the high school on Saturday, March 16, 1940. Twenty couples from Aurora, LaSalle, Peru, Wright, and Morton played progressive games with twenty Joliet couples. The games included badminton, shuffleboard, deck tennis, volleyball, table golf, box hockey, sponge tennis, ping pong, duck pin howling, and darts.

After the sport program was completed, the players changed their clothes and went up to the school cafeteria for supper. A farm kitchen theme prevailed, including kerosene lamps for lighting. The meal was typical farm grub which included nut cups filled with candy corn. After the supper

the "farm hands" were entertained by a dancer and acrobat. After a few old time farm songs they entered the hayloft for the "Hayloft Swing."

"Gingham and Jeans" were in fashion, and to Roy Gordon's music everyone became gentlemen and lady farmers. The gym was turned into a barnyard with straw, chickens, harness, milkpails, and pitchforks doing the trick. Everyone had a good time enjoying especially the phrase: "Swing yer partners!"

The committee for the "Hicks" Sport Day consisted of: Marian Lennon, general chairman, and her committee: Helen Smith, Margaret Haynes, Muriel Osborne, Elizabeth Douglas, and Isabel Anderson.

COLLEGE-Y CLUB

The membership of the College-Y is made up of any of the Joliet Junior College boys who wish to belong. Weekly meetings were held at the Y.M.C.A., and the members were always sure of an interesting program. The College-Y sponsored the annual New Year's Eve Ball held in the gym. It also had a Father-Son Banquet, and in the spring there was the Date Banquet and Dance. The officers were for the first semester: Jack Decker, president; George Lehr, vice-president; Ray Kirincich, secretary; and John Cryder, treasurer. For the second semester they were: Ray Ohman, president; Ed Matteson, vice-president; Bob Herath, secretary; and Shannon Castle, treasurer. Mr. Givens acted as very able adviser.

CURRENT EVENTS CLUB

The purpose of the Current Events Club is to promote student interest in current world affairs. At some meetings speeches or talks were given by members of the faculty. These were all very much enjoyed. The officers were for the first semester: Patricia Puffer, president; Robert Herath, vice-president; Ruth Geipel, secretary. For the second semester they were: Clark Knowles, president; Andrew Danzero, vice-president; and Kathryn Kirincich, secretary. Mr. Leinenweber was faculty adviser of the group.

IN AND OUT

NEW YEAR'S EVE BALL

In the midst of many Christmas trees grouped all around the gym, several hundred students said goodbye to 1939 and welcomed 1940 at the annual College "Y" New Year's Eve dance.

And oh, what a crowd! Everybody was there, and when we say everybody, that takes in a lot of territory. Here are some of the folks I noticed as they flitted by: Kate Mitchell and Bill Elms; Mary Fran Martin and Jack Decker; Kay Shutton and Bob Herath; Billie Burrill and Tommy Breen; Dorothy Burr and Bob Wood; Margaret Haynes and Harold Hensold; Torrie Wright and Tom Milligan; Alberta Johnson and Bob Hess; Bev Schorie and Gordon Peterson; Charlotte McGrew and Art Rimmke.

And at midnight—what a madhouse!—confetti, noisemakers, crack the whips, and the like. 'Twas a grand dance, followed by a wonderful year (so far).

MATHEMATICS, SHOP AND COMMERCIAL

Mr. L. B. Aseltine carried five majors at the University of Chicago last summer. This year he plans to work around town.

Mr. E. C. Douglas visited the eastern states and Canada last summer. This year he plans to visit the West and work on his ranch in Wisconsin.

Mr. E. L. Mayo taught school last summer and toured Canada, New England, and other eastern states. This summer he will spend a month at Shell Lake, Wisconsin, and travel the rest of the time.

Mr. James Skinner attended Cornell College at Mt. Vernon, Iowa, last summer. He will teach school this summer and take some sort of trip.

Mr. E. S. McLain built a corn crib and granaries on his farm last summer. This year he expects to work on the farm and take a trip through northern Wisconsin.

Mr. R. L. Marshall bought a house last summer and did some landscaping and painting about it. His plans for this year begin where he left off last summer.

Mr. F. W. Grosstuck navigated his launch along the Maine coast last summer. This year he will install a new engine in it, and plans a trip to Canada.

SOCIAL SCIENCE

Mr. T. M. Deam spent last summer at home. This year he would like to take a trip, but he is undecided as to where and when.

Mr. H. D. Leinenweber studied, traveled, and did a little writing last summer. He plans to do much the same this year.

Miss Elizabeth Barns went to summer school in Chicago and toured the South last summer. This year she plans to do some work and take a trip.

Mr. W. L. Myers did much traveling and fishing in the North last summer besides working around his home. His plans for this year are indefinite.

Miss Beulah Green was counselor at the G.A.A. Camp last summer and traveled through the West. Her plans for this year are indefinite.

Mrs. Verna Hoyt was counselor at the G.A.A. Camp last summer and toured the East. Her plans for this year are indefinite.

SPORT HEADS

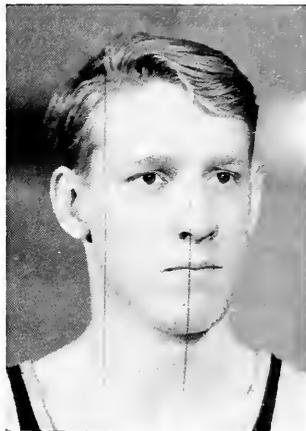

COACH A. A. WILLS

Coach Wills, in his twelve years at this institution, has turned in one of the smoothest records Joliet has ever seen. His ability is demonstrated by the attitude of rival schools who use, as a bible, the phrase "Beat Joliet."

For a successive number of years Coach Wills has pointed his team at the top and has occupied that lofty position until J.J.C. students think only in terms of victory, and not effort and work.

But, whether J.J.C. wins every title it seeks or loses, we still have a champion in the man who is behind all our athletic efforts. Hats off to you, Coach!

BEWERSDORF, *Basketball*

Yes, it is he, our tall star center, and captain. Fred has displayed tremendous ability in both of his years in J.J.C. He is noted for his graceful rebound and pivot plays.

"Fore," says Captain DeSignor. Ernie led the J.J.C. boys through the fall golf season and expects also to win the spring conference.

"Shorty" Fris, our star center fielder, made a name for himself in his freshman year, due to his consistent batting. We are very fortunate to have him back with us. He is doing a splendid job as Captain of our well-gearred baseball team. Keep up the good work, Al.

Spring is here. Captain Canaday is gearing his team to a very high pitch. All we need now is a little competition, and the championship will be ours.

Speed! and power! We have it. Captain Stephens has developed a few speedy trackmen this year and has great hopes of entering them in the State Track Meet.

A conscientious player, he was always there at the right time and never let up a minute. He was known by all his teammates as a real "driver." He kept the wheels of basketball turning.

DAVID WEBB

Webb is considered one of the best passers on the team. Coach Wills regards him as one of the best team players.

JOHN HOGAN

A steady, calm forward, he chalked up many points for J.J.C. John had his own individual style of playing. The set shot, a very difficult shot, was his favorite way of scoring.

FRED BEWERSDORF

Fred, a very capable and able captain, displayed a very skillful hand in basketball. He was always there to get the rebound. There at the pivot he gave his opponents a powerful beating.

BILL MOORE

Bill didn't have the chance to play with us the first semester of the season, but surely compensated for it the second half. Bill was always under the basket with his famous hook shot.

BILL SMITH

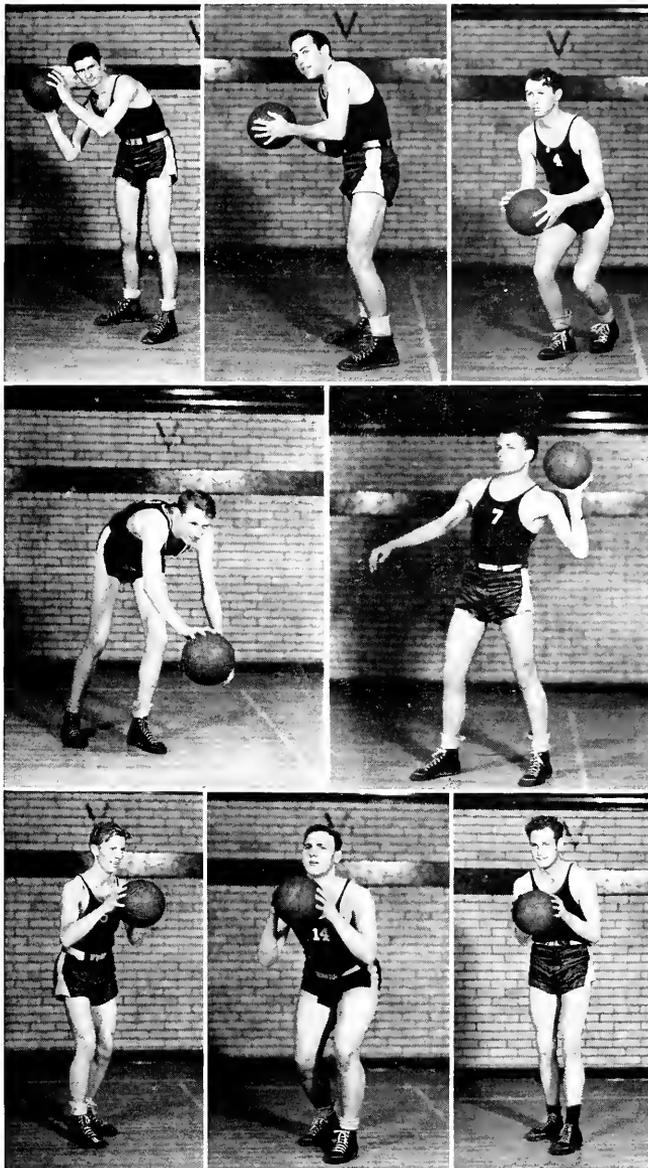

A small flashing forward, Bill dazzled the opponents by his lightning speed. Many of his foes were troubled with exhaustion. Bill was in there and breaking up his foes' plays.

ARTHUR RIMKE

Art was one of our best dribblers. He caused many players a headache, for they couldn't break up his plays. Rimke kept the team in balance in many a trying situation.

GENE FAHRNER

Gene was very reckless, but steady and calm in his plays. He always kept the players and spectators in a quandary as to what he was going to do next. He was considered one of the hardest fighters on the team.

"There is a first time for everything." After capturing the conference championship for eleven consecutive years, this year the team dropped down temporarily to get its breath for the next school year. Then look out, opponents. The Wolves will be on their way back.

Although they didn't win the title, the J.J.C. Quintet fought to the last minute—never losing hope. We are also proud of the way the student body stood back of the team, even in time of defeat.

This year Joliet had one of its toughest schedules ever played. In this group were several new four-year colleges, which increased the competition.

Throughout the season Joliet made a desperate attempt. Out of 27 games we won 17 and lost 10. There was a total of 16 conference games, 10 of which we won.

The season saw six very prominent games played: DeKalb, St. Mary's, Illinois Wesleyan, Elmhurst, Hanover, and Rose Poly.

The regular Wolves team consisted of a dual combination: John Hogan, Fahrner, Smith, and Webb, forwards; Peterson, Waznis, and Rimmke, guards; Bewersdorf and Moore at center.

Second Row: Webb, Hogan, Waznis, Wills, Fahrner, Kelly, Smith.
First Row: Moore, Rodgers, Bewersdorf, Rimmke, Stevens.

CHEER LEADERS

Yea, Purple; Yea, White; Yea, Joliet; let's fight!

Cheer words above led Joliet on to victory more than once this year. Wilbur Krigbaum and Bob Chappell, J. J. C.'s cheer leaders, deserve more than a pat on the back and a hearty handshake for their co-operative work which was a stimulus for both the team on the floor and the fans in the benches.

Cheering is not their only specialty. They keep the game a good clean one—the kind we like to see. They incite in each and every student a school spirit which is impossible to still.

We appreciate it. Wilbur Krigbaum and Bob Chappell, and more power to you.

AT THE GAMES

FATHER-DAUGHTER SPORT NIGHT

The Father-Daughter Sport Night was held the 29th of February in the girls' gymnasium. A game of baseball started the evening. Put into teams the dads and daughters enjoyed many co-recreational sports. Cherry pie and coffee were served in the bleachers after which everyone went home hoping that it wouldn't be too long before they were over their stiffness.

W. A. A. SPORTS

GOLF

For wholesome competition
Golf is "in the swing";
And we all anticipate with joy
The fun the tourneys bring.

ORCHESTRATION

Orchestration teaches us to be graceful and poised.
It helps us determine 'tween music and noise,
We learn about rhythm and modern technique,
The musical pattern, and "underneath" heat.

SHUFFLEBOARD

For shuffleboard play singles
Or doubles if you choose.
It's lots of sport for young or old,
Or if you win or lose.

BADMINTON

Badminton is a "racket" game
That keeps you on your toes,
You serve, you drive, smash, lob and kill
From start until the close.

BOWLING

A two-step, slide, and a follow through,
A spare, a strike, or more.
Practice and more practice
Will raise your bowling score.

FENCING

To develop grace and poise
Fencing is the "go."
The movements quick and sharp and true
Make fascinating show.

PING-PONG

Ping-pong is a well-liked sport,
Especially here in school.
A small ball is stroked back and forth
According to the rule.

ARCHERY

A stands for archery.
A stands for aim.
For good posture and for fun
Archery's the game.

ROLLER SKATING PARTY

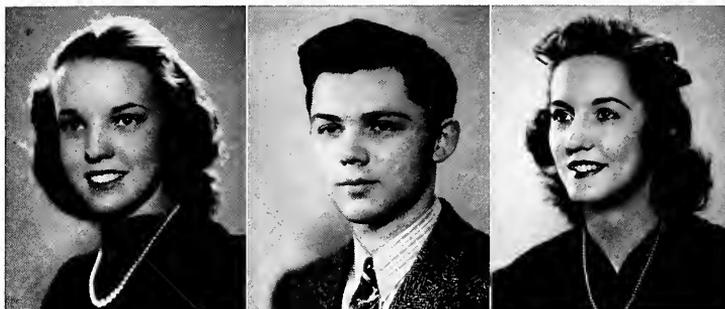

From nine to twelve Saturday night, December 2, the Armory roared with the sound of the roller skates of the Joliet Junior Collegians. Sponsored by the Co-Ed Board, the evening was filled with fun and tumbles. Featured on the skating program were such favorites as the couple skate, advance skate, girls' choice, and tag skate.

We saw Bob Marchi trying his hardest to break his partner's neck during one of the earlier moments of the party; Pat Puffer taking the man at his word when he blew the whistle and said to stop skating—she did, but not right side up; the Marg Haynes, Jean Jeffords, and "B" Lennon trio enjoying each other's company and giving no male skaters a "tumble"; Jimmy Duguid and Sonny Herkert, holy terrors of the evening, nearly knocking everyone down with their weaving in and out; George Volling and Jean Douglas arriving rather late; and amiable Chuck Scully having a fine time and giving all the girls a thrill by skating with them one and all.

When the sign "Ring in your skates" was posted, no one seemed ready to depart, but they finally complied with the order, only to find themselves on imaginary skates. And the next day—oh, were we stiff!

COLLEGE CLUB

WRIGHT

J. CRYDER

ESSINGTON

College Club is composed of everyone in Joliet Junior College. It is held once a month to provide educational and entertaining programs for the students.

College Club was held only the second semester of the past year. The first meeting was on February 18, 1940. At that meeting a one-act comedy, "Wild Hobby Horses," was presented. The play was directed by Robert Crombie. The cast included Dara Prew, Robert Marchi, June Brehm, Isabel Anderson, Bill Johnson, Bob Drake, and Virginia McEvoy.

On March 18, Professor Winch of the University of Chicago spoke on "Choosing a Life Partner." The speech was followed by questions from the group. Professor Winch gave much statistical material based on studies made at the University of Chicago and Stanford University.

On April 1, Jack Knight, a veteran pilot and executive on education for the United Air Lines, spoke about the first night flights in flying mail with bonfires as the only guide and of the vast development in facilities for safety and speed in air transportation.

On May 6 a talent show was held in which any student could participate.

The officers of College Club for the past year were John Cryder, president; Ruth Essington, secretary; Torrie Wright, treasurer.

COLLEGE LIFE

FRENCH CLUB

The French Club is made up of members of the French class. It helps the students to grasp a conversational knowledge of the language. Plays were given at some of the meetings and proved amusing as well as beneficial. At other meetings French games were played and prizes were distributed. The club had a Christmas party on December 20, 1959, which was a big success. The officers of the French Club for the past year were: Barbara Matone, president; Grace McDowall, vice-president; and Charles Scully, secretary-treasurer. Miss Scott advised the group.

Third Row: Scott, Miner, Duguid, Saure, Scully, Gustafson, Wilkins, Young, Elms, R. Cryder, Tyler, Fris, Burrill.
Second Row: Weeks, Lennon, McDowall, B. Douglas, Tehle, Prew, McEvoy, Jeffords, Osborne, Puffer, Rigly, Dodge.
First Row: Kennedy, Clarke, Matone, J. Douglas, Haynes, Holson, Snapp, Kelly, Anderson.

THE RED MILL

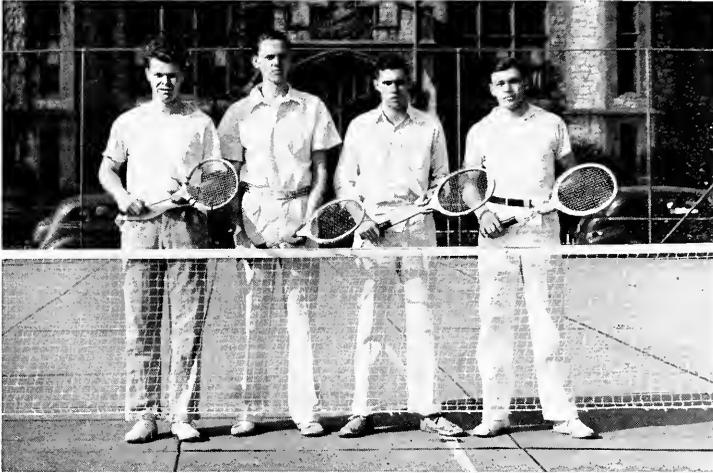

The world famous musical comedy, "The Red Mill," was staged April 4 and 5 by the Joliet Township High School and Junior College. The college students who were in the cast were: Jeanette Carlson as Gretchen; Bob McDonald, Governor of Zealand; Dara Prew, French countess, Martha Johnson, assistant student director.

The show was originally written by Henry Blosson and Victor Herbert for the famous comedy team of Montgomery and Stone, who played this same operetta in Joliet some thirty years ago. It was directed by Alex H. Zimmerman.

Second Row: MacDonald, Frazer.
First Row: Zimmerman, Miner, Prew, Johnson, Carlson, Grell, Kirinich.

CANADAY (Capt) BERST J. BARNES WOLSTED

TENNIS

This year our tennis team was forced to swing into the conference without any practice. It is hoped that J.J.C. will have an indoor tennis court in the near future.

Our team was composed of four players: Donald Canaday (Capt.), Neal Berst, Howard Wolsted, and John Barnes, all playing in the singles. The two doubles teams were composed of Don Canaday and Neal Berst, and Howard Wolsted and John Barnes.

J.J.C. had to admit defeat to Morgan Park, 2-1; Wright, 5-0; and Wilson, 3-2. We beat North Park by a score of 4-1.

SINGLES			DOUBLES		
	Won	Lost		Won	Lost
Canaday	-	2	Canaday-Berst	1	5
Berst	-	2	Wolsted-Barnes	2	1
Wolsted	0	1			
Barnes	2	2			

STATE BASKETBALL TOURNAMENT

Now for the second year the state finals were played without the J.J.C. Wolves. The J.J.C. quintet lost its first state tournament game to North Park by a score of 39-51.

During the State tournament, J.J.C. was under a big handicap. Fred Bewersdorf was out, due to sickness, and Gordon Peterson attempted to play with a broken wrist.

Next year the State tournament will be held on our home floor, which may be a stimulus to the Wolves.

Fris, Smith, Boyle, Egizio, Webb, Coach Wills, Rinnuke, Bewersdorf, Waznis, R. Stevens, Erickson, Kearns, Elms.

BASEBALL

The baseball team was composed of twelve freshmen and two sophomores. Every player did a good job of his work. Coach Wills claimed that J.J.C. had about three of the best pitchers in Joliet: Bewersdorf, Webb, and Waznis. Kearns, Webb, Stevens, and Smith were really dependable hitters, batting over 400. As we went to press, several games of the schedule were yet to be played.

So far J.J.C. had played seven games, winning four and losing three.

J. J. C., 24—Aurora, 12

J. J. C., 10—LaGrange, 6

J. J. C., 11—Aurora, 0

J. J. C., 1—North Park, 2

J. J. C., 5—North Central, 7

J. J. C., 7—Herzl, 9

J. J. C., 15—Morton, 6

If a winning streak could be continued, J.J.C. had a chance of winning the championship, even in the face of their biggest rivals, Wright Junior College and North Park College.

TRACK

J.J.C. has shown a little more interest in track this year. Coach Wills has planned to enter three of our boys in the state track meet this spring.

The track team is composed of three speedy fellows: Captain Bill Stephens, George Rodgers, and Robert Herath.

For next year Coach Wills has bigger and better plans for track, and is going to make a desperate attempt to cop the state meet.

SPRING FORMAL

The Spring Formal took place this year on May 3. The combined gyms were turned into an old Dutch garden, and the effects were very quaint. Andy Hanson's orchestra from the University of Illinois furnished the dance music—really a treat.

Everyone was there, the girls in their new pastels, and, indeed, everyone had a fine time. Here are a few of those attending: Dick Oldani, twirling Betty Fischer round and round; Louie Hedstrom and Mary Fran Gleason catching everyone's eye as they jitterbugged; "B" Lennon and Ian Crabbe, deep in a dream ('er sumthin'!!); Dave Hummel at his first school dance with Phyllis Stone; Scoop Cary and Izzy Anderson together again. And goodness knows, ever so many more. Just the best dance of the year.

★

W. A. A. PICNIC

The annual W.A.A. picnic was held this year in May at the Inwood picnic grounds.

The girls enjoyed playing golf, tennis, baseball, badminton, and archery. They also had great fun by going back to their "kid" days and by playing on the swings and the other playground equipment.

After supper, which was a weiner roast, the members roasted marshmallows and sang songs that were popular, classical, and nonsensical.

★

FAREWELL BANQUET

The farewell banquet was given Tuesday, June 4, in the Central Presbyterian Church. The freshman president, Grace McDowall, gave the farewell address, and George Lehr, sophomore president, made the response.

George Wiswell was the toastmaster, and a good one.

The highlight of the evening was a ghost skit, showing and telling what had happened to all of the sophomores during their career here.

Farewell to the sophomores, and good luck.

MIX-OR-SWING

The Co-ed Board sponsored a very successful Mix-or-Swing, January 5, in the girls' gym, following a walk-away college game. The game put everybody in a festive mood, and this helped to make the Mixer very successful. Many mixer dances were held, and also a prize waltz and lucky spot dance. Winners of the prize waltz were Isabel Anderson and Art Anderson. Judges were Mr. and Mrs. George Sprague and Mr. and Mrs. Jordan. Mrs. Jordan presented the winners their prizes. Jack Hogan and Dorothy Berlinsky won the Lucky Spot dance, but they were too bashful to come up to the mike to be interviewed by the School Snooper, (never thought we'd see the day when either Jack or Dorothy would turn shy on us). Jack got the wrong prize, however,—a ladies' handkerchief, which he gave to his mother. Some alumni students attended the party as did several high school students.

If a boy wanted to cut in, there were brooms with horses' heads on them, and he would dance over to the girl he wanted to dance with, hand the boy she was dancing with the broom, and proceed to dance until someone else cut it. But after a while regular cutting became legal, and that's when the fun began. A girl danced about two steps with a boy, and somebody cut in. After all this, refreshments were served, and the party broke up, everyone believing he had had a wonderful time.

Class of 1940

As another school year approaches its close and graduation time nears, another Sophomore Class of the Joliet Junior College prepares to enter forth into the world of turmoil. This group of students, who for the past two years have been working more or less in unison with each other, will now be separated, each going his or her own way. Some will further their education by attending various colleges and universities, while others will immediately adapt themselves to the type of work for which they have prepared. But whether they go on to school or enter the realm of business, it is quite certain that each individual student will try to do the thing which appeals to him the most and which will enable him to make the most out of his opportunities.

It is the duty of the Sophomore Class to assume some of the major responsibilities of leadership in the school. In this way they can show the freshmen the type of work that is to be done, the way in which social activities are managed, and in general lead the freshmen through an apprenticeship by which they may be the capable leaders of the succeeding year.

Thus, as graduation time approaches, the Sophomores of J.J.C. prepare to start out in the world, leaving behind them memories of achievements which any class would be proud to possess.
